

## London Accessible Psychotherapy Independent Service

---

### Our Purpose

**LAPIS** provides specialist counseling and psychotherapy to people affected by disability and life changing health issues and their families.

**LAPIS** provides flexible, accessible specialist counseling and psychotherapy which enables disabled people, their family and carers to gain a better understanding of their situations so that they can express their emotional and practical needs in a clear, realistic manner.

### Our Accessible Service

**LAPIS** operates from a fully accessible room so that anyone can benefit from our service. The service is offered on a sliding scale according to what each person can afford.

### Our Contact Details

**LAPIS** is based in a central location in Barnet, close to public transport and it is possible to arrange parking in a disabled bay.

Please telephone to speak or leave a message and a qualified mental health professional will get back to you.
