

My Birthday Surprise

I had a lovely session today, lucky for me our normal day that I usually see my key worker ended up being on my birthday so that was just a nice thing to look forward to. I didn't expect to get anything due to lockdown and I wanted to raise money for RfA instead of getting presents which when I realised I would get no presents I wasn't the happiest!!

We went to Sheldon country farm and Kelly gave me a bag of kinder chocolates from everyone at Rfa, I was so happy because I just love kinder chocolates!!

Catherine had promised to make me a cake but Kelly told me she was working, I couldn't really moan at that as I expected she was!

After a bit Catherine surprised me and came to join us for lunch at the park with a cake she made and made me eat even though I was full, I was soooooooooooooo happy to see her as I really believed she wasn't coming, it was amazing and really made it an awesome birthday ☺ we played a few games but I kept losing so I won't say much on that one!

Thank you to everyone at RfA for my kinder chocolates and my card. I hope the money I've raised helps also if you want to use the money on just my Monday group then that also sounds great to me too ☺ maybe a budget for bananas and blue berries every week ☺
