## Adult Partnership Panel

### Volunteers wanted!

- Do you have a diagnosis of autism spectrum condition (ASC)?
- Are you over 18 years?
- Do you want to have a say in how we shape services for adults with autism at RFA?

We welcome anyone with a diagnosis of ASC, no matter how they communicate, to help us develop our adult services.

We are putting together a panel of up to six adults who will meet once every four months, either face to face or on Zoom.

In this meeting we will discuss what we already offer at RFA and how we can improve for the future.

**Your voice is important and we want to hear what you have to say.**

All we ask is a commitment of one year on the panel.

This is an exciting opportunity for anyone wanting to add value to their work experience by developing team working and communication skills. Or for someone simply looking for a new venture.

If you are interested in the above please contact Charlotte on [charlotte@resourcesforautism.org.uk](mailto:charlotte@resourcesforautism.org.uk) for more information.
